Dear sir,

First of all I would like to thank your team for timely support in my clinic. Really you helped me a lot. Whenever I ask for a new equipment or a service of your instrument or a demo equipment you did your service well in time. Once I was asking for a Micro Wave Diathermy demo, even you not have that device you arranged it for me with almost effort.

Here I would like to remember one incident happen 10 years before, when I was a fresher & freelance, you taken my pocket TENS at my place and couriered it to me after servicing it at no cost for service. That impressed me a lot. I really appreciated your service and admired it. From that myself I purchase only your products and recommended you to all my friends till date.

Service is one of your best quality. Keep it up.

Thanks again.

Yours,

Dr. I. Mohammed Ameer Hussain
